

## Proposed Visit to the J W Evans Silver Factory in Birmingham

Dear Member,

I spoke at the November meeting re arranging for a group visit to the J W Evans Silver Factory next year. At the December meeting I will be collecting the names of interested members – not a commitment just an interest. If there be sufficient I shall take this forward with the intention of booking a weekday visit in May 2015.

The regular charge for visitors is £7.50 – I may be able to negotiate something less with English Heritage but I doubt that the outcome will be very different.

A caution.

Access is difficult. Wheelchairs are a no go and those with walking difficulties will find themselves confined to the ground floor. *(Although unable to access the top floor my wife thought her visit to be good day out.)*

The photograph is to wet your appetite but please visit the English Heritage website for more information and of course the videos.
